

TLGB 20

Battery driven grease gun TLGB 40

Battery driven grease gun TLGB 40 with Integrated grease meter delivers precise lubrication.

Application and advantage: Developed for maximum efficiency, the SKF Battery Driven Grease Gun TLGB 20 includes an integrated grease meter to help prevent over- and under-lubrication. This unique tool features a durable, ergonomic design with a three-point stand for operator comfort and convenience and a lithium-ion battery for longer life. The tool's display indicates battery charge level, amount of grease dispensed, pump/motor speed and blocked lubrication points. This versatile grease gun provides two flow rates – low and high – and can dispense up to 15 grease cartridges per battery charge. The TLGB 20 can deliver pressures up to 700 bar (10,000 psi) and features a built-in light to illuminate the work area.

Producer: SKF (Sweden)

Technical information:

Designation	TLGB 20
Grease output: low speed setting	100 ml/min.
High speed setting	160 ml/min.
Max operating pressure	400 bar.
Max peak pressure	700 bar.
Cartridges per battery charge	15 cartridges
Length of hose	900 mm
Battery type	Li-on
Battery output	20 V DC maximum
Battery capacity	1500 µAh
Voltage charger, V/Hz	200-240 V/50-60 Hz
Carrying case dimensions	590 x 110 x 370 mm
Weight	3,0 kg
Total weight (incl. case)	5,7 kg
